

LEAGUE OF NATIONS STRIKES FIRST REEF IN DELIBERATIONS

President-Elect Harding Asks for Government for Merchant Marine—Also Advocates Peace Understanding That Will Not Sacrifice the Nationality of America

(By The Associated Press)

GENEVA, Dec. 4.—The Argentina delegation's withdrawal from the league assembly this afternoon was the first reef struck during the course of the three weeks' deliberation which had been going on with reassuring smoothness until it got into a fog in the discussion on proposed amendments. The independence shown by Honorio Pueyrredon in voting against the postponement of consideration of the amendments and his breaking of the assembly's unanimity, with Senor Velasquez of Paraguay supporting him, were regarded as ominous of a stormy session but the Argentine delegation's extreme action in withdrawing was entirely unexpected.

To understand the apparently contradictory situation of unemployment the board asserted:

"It is necessary to recall that the industries of our country are just emerging from a period of intensive operation, that may without exaggeration be called a period of 'superproduction.'"

"Many localities there had been a chronic shortage of labor for several years. Overtime work has been general. The entire agricultural work of the country has been carried on short handed and farmers have been going without all-year-round help, which most of them sorely need."

Back to Former Work
 "The labor, therefore that has been released has for the most part drifted back to the less attractive employments from which it was drawn to the high wage intensively operating industries and is not always unemployment, even when so reported.
 "In some districts the back drift has not yet been sufficient to make up the loss due to the wartime migration to industrial centers. In these sections an actual shortage of labor is reported."

Reviewing this picture of our country in all its extent, it appears that there has been a decided recession from the peak of activity and that some few industries and the districts dependent on them are suffering from considerable unemployment. Also it is apparent that unemployment is gradually increasing. In other districts conditions are normal or supernormal, and in some there is

Negro Cook Is Shot To Death

ROCKFORD, Ill., Dec. 4.—Answering a knock on the door of his cook and sleeping car, Houston Kelley, negro, a cook for an Illinois Central railroad section ang, was greeted by a shower of bullets and was instantly killed about 8 o'clock tonight in Wallace yards, at the west edge of Freeport.

A colored woman, who was in the bunk car with Kelley, was later arrested by the Freeport po-

BELFAST, Ireland, Dec. 4.—
The Sinn Féin has circulated a
proclamation throughout the west
and south of Ireland declaring

at those guilty of "reasonable conspiracy" will be executed as traitors to the Irish republic. The proclamation reads:

"Whereas the Irish republic has declared war on England and we hereby give notice that anyone guilty of treasonable conspiracy will be shot without warning as a traitor to the republic."

Another warning has been issued from the Irish Republican brigade headquarters in Belfast. It says:

"Notice is hereby given that any persons who enlist in, or give any assistance whatever, to the special constabulary force at present being organized by the enemy, will be regarded as traitors to the republic and will be treated accordingly."

The Knights of Columbus reported last night in announcing completion of their work in storing lost baggage. Of the 10,000 pieces for which the organization had aided the government to find owners in the past months, more than 4,000 were sent to Illinois.

FIRST STEPS TAKEN TOWARD REMEDIAL FARM LEGISLATION

Will Direct Restoration of War Finance Cor- poration

**OME ACTION
IS NECESSARY**
(By The Associated Press)
WASHINGTON, Dec. 4.—First

steps toward remedial legislation for farmers at the coming session of congress will take the form of the concurrent resolution directing restoration of the war finance corporation. This was made clear today in statements by Senators Harrison, Missouri, and Heflin, Massachusetts, and ynns, South Carolina. The necessity of action by the president will be avoided if this is contended, by making the resolution concurrent in form, and would become effective on adoption.

"We intend during the first

We intend during the first week of the coming session of congress," declared Senator Harrison, "to pass a resolution directing the secretary of the treasury to revive the war finance corporation so that our agricultural products may be marketable." Sufficient sentiment had been seated during the week, Senator Harrison said, to impress upon the president that it is necessary that some immediate action be taken to relieve the critical situation.

PLANS TO AID FARMERS

Washington, Nov. 4.—Plans of the Canadian government to aid ebeec farmers to make farms aid a greater income to combat ling prices were rported to the mmerce department today by e-counsel Giroux at Quebec. rty-three demonstration farms ill "will be ordinary farms, nmed by their regular hands, under the direction of the de- tment of agriculture will be ulished.

There were two currents of opinion this evening. One is that the directing minds of the assembly have too much neglected the feelings of the smaller powers and have erred in opposing discussion of amendments; the other is that the Argentine delegation has been too precipitate in its action.

There is no indication that the other South American delegations will follow the example of Argentine, most of them are in favor of Perrodou's amendment but will not go to the extent of withdrawing from the assembly if they are not taken into consideration.

Regrets Action.

Dr. Osorio of the Brazilian delegation said today he regretted that the Argentine delegation had found it necessary to take such radical action. He hoped that withdrawal of this delegation from the assembly would be only temporary.

Another Latin-American delegation it was learned that there is a great deal of feeling over the manner in which the South and Central American delegations have been treated here. The sensitive characteristic of the Latin people, it is declared, has not been taken into consideration in applying the rules of the assembly which are still illy defined and imperfectly understood by the delegates. Several of the South Americans have considered themselves wronged.

There is, moreover, marked sentiment among the smaller powers that they are not expected to

M. Hymans, president of the assembly, has been in consultation with M. Viviani of France, and other delegates regarding the situation arising out of Senor Pueyrredon's letter announcing withdrawal. My Hyman's declined to make any statement before he placed the matter before the assembly.

LIMITED BY SHIPS

PARIS, Dec. 4.—Emigration from Europe to the United States in the next few years will be limited only by the availability of shipping facilities or restrictive legislation, said Dr. Rupert Blue, former surgeon general of the United States public health service on returning to Paris today from an inspection trip.

Dr. Blue is in charge of the medical examination of emigrants by American doctors in all the principal European ports. The doctor's reports, Dr. Blue asserted, will be the basis on which the United States government will stand over a period of several years. Dr. Blue said the great increase in immigration was due mainly to misery in the home districts of the emigrants.

MANY TENDERED ARMY COMMISSIONS

WASHINGTON, Dec. 4.—The war department announced tonight that 5,589 war-time officers had been tendered permanent commissions in the army as a result of examinations held during the year. About 300 have declined and a number have not been heard from, but it is expected that at least 5,000 officers will be obtained. Of those tendered commissions, ranging in rank from colonel to second lieutenant, 298 were in the medical and chaplain corps and the others in the line. They will be appointed to fill 4,659 vacancies created by the army reorganization bill.

A public land sale was held Saturday and a good farm sold at \$275 an acre. This price was not as high as would have prevailed had the sale been held a few months ago. Neither was it low enough to indicate that farmers have lost faith in their business or in Morgan county.

land as a safe investment or else the stock is held in quite a remarkable way.

He was a wise man who said he hadn't time to worry, in the daytime he was too busy and at night he was too sleepy. But perhaps after all, it was not wisdom on the part of this man, for many are the people who sincerely try not to worry—not to let the affairs of everyday life disturb them—but they don't succeed. Their nerves won't let them accomplish the good task.

Men in an eastern shop have suggested on their own volition that they will take a week's vacation this month in order to help the management adjust itself to the present industrial situation. This action is quite in contrast to that of anthracite miners, who went on "vacation" in September in an effort to limit production and to force their wages upward. The first workers mentioned either have a different spirit from the miners

It is a real shock to find that Illinois is the 27th state in the list when an inventory is made of its educational system. We Illinoisans have been in the habit of thinking this state a leader in educational work, while the cold facts seem to prove that even some of the southern states make a better showing—that is, in public school efficiency and the percentage of population taking advantage of school opportunities.

Imports of manufactured products from Germany into England during the first ten months of 1920 amounted to \$17,000,000 as compared with only \$19,000,000 during the same period last year. The figures are significant of the restored producing power of German industries, and forecast danger to our own markets unless a protective tariff policy along Republican lines is speedily adopted.

Senator Capper will bring before the senate a bill providing a tax of 10 per cent on future board of trade sales of grain. He believes that this will put the "bucket shops" out of business and will improve the depressed grain market conditions. The senator attributes the remarkable decline in grain prices to the practice of selling grain futures without the intention of delivering the grain.

There are evils in the system but it's a matter with two sides. Without the boards of trade and quotations on future markets the farmers would be in a difficult way indeed. In fact, it has sometimes been said that the lack of any future quotations and contract figures on livestock has been one of the greatest drawbacks to the livestock industry from the farmers' standpoint.

"OUTLOOK NEVER BETTER," SAYS JUDGE GARY.

Judge Gary, head of the largest business organization in the world, the U. S. Steel Corporation, thus sums up the business outlook in the current issue of Forbes Magazine:

"The amount of money in circulation is the largest we have ever experienced, nearing \$60 per capita. The resources of the banks have reached a new maximum. Our agricultural, manufacturing and mineral products and the facilities for utilizing all of them to the best advantage are rapidly increasing and, on the average, have reached a new high point in expressing great confidence in the general business outlook Judge Gary added: 'We have reason to believe that hereafter there will be close co-operation between business and the governmental authorities. Indeed, at no time in the history of this country has the outlook in this respect been better. It goes without saying that great progress and prosperity in this country will be of decided and continuing benefit to all other countries.'

U. S. SCHOOLS AT CAMP GRANT.

Some people really do not believe that there are any schools in the United States army that are worth anything at all. Let this statement, from from army headquarters, prove to these unbelievers that there are army schools and that they are worth while.

On November 1, Camp Grant opened up school for its fall term and attracted a large amount of attention. Approximately nine hundred students are now enrolled in the various courses and recruits are arriving at Camp Grant at the rate of one hundred per week. Inquiry develops the fact that a large percentage of the men are entering the service with a view to obtaining both military and educational and vocational advantages.

The staff of the Camp Grant schools at present include forty-four civilian instructors, four officers detailed in charge of various teaching functions and sixteen enlisted men as assistant instructors. The course of study at these schools is so arranged that all work is carried on between 8 o'clock a. m. and 5 p. m., and thus does not interfere with the soldiers' recreation hours.

Camp Grant schools have four educational courses. First there is the Americanizing course where the soldier is taught the fundamental studies such as reading, writing, arithmetic, history, geography and citizenship. Then there is a basic course which deals with subjects of more thought—as civics, economics and sociology. An English course, consisting of grammar, rhetoric and composition, develops the soldier's mind in literary work and will enable him in future years to make business prosper. Besides these already mentioned, there is a business course in which shorthand, typewriting, salesmanship, accounting, etc., are taught. Not only do these schools give educational courses, but they also teach vocations. For instance there is the automotive department, where a fellow is taught all things pertaining to motive works. The drafting department teaches drafting from tracing to architectural drawing. Then there is the electrical department, text is department, and the food department. The machine department and many of the other departments such as agricultural highway construction and typography departments furnish many opportunities for actual experience. Every vocation one wants to try can be found in these schools.

Tenting Tonight

Oh, I cannot pay the rent that the profiteers demand, so I'm living in a tent on some waste and vacant land. In the wintertime the snow will be packed around me deep, and the bitter blasts will blow through my whiskers while I sleep. And the tent is old and brown, and it sags against its poles, and the rain comes slopping down through a roof that's full of holes. To extremes I'm brought in this golden age, by George! 'Twas for this my fathers fought through the snow at Valley Forge. And at Gettysburg my dad gave a leg and collarbone, little thinking that his lad would be tenting here alone; tenting in a canvas shack, far from cheerful mart and street, water running down his back, and his sideboards full of sleet. And my uncle, when he went to oppose the hosts of Spain, had no vision of this tent where I'm sitting in the rain. And the rain comes in a flood, with a flourish and a rush, and my ears are full of mud, and my shoes are full of slush. Driven by the profiteers from the cottages and flats, here I sit and wag my ears, and my dome is full of bats. Here I sit and eat my prunes—there are thousands fixed like me—in this land of precious boons, in this country of the free!

GAVE BAZAR

The Young Women's Guild of the Congregational church held a bazar in the Social room of the church on Friday afternoon. There were many attractive articles on sale at all the tables. At one o'clock when the bazar opened the tables and screens were loaded with beautiful and attractive articles, but by three o'clock practically everything was sold. By five o'clock and cry article of fancy work and all the candy and cakes were gone. It had been the intention to hold the bazar in the evening but as they were completely sold out the doors were closed.

During the afternoon light refreshments were served at tea tables.

The young women have worked enthusiastically for the bazar during the fall months and feel happy over their success as a large sum of money was realized.

WILL ADDRESS WOMAN'S CLUB

Prof. S. H. Clark to Give Lecture Recital on Drinkwater's Lincoln.

The next meeting of the Women's club will be held Dec. 11 at 2:30 p. m. in Music hall at Illinois Woman's college. The program is in charge of the education committee which has arranged to have Prof. S. H. Clark in a lecture recital of more than usual interest. Prof. Clark has for many years been the head of the public speaking department of Chicago university and his experience both as a reader and an instructor qualifies him to speak authoritatively upon matters of literary interpretation. Not only is Mr. Clark a reader the art is not that of the dilettante; he is an interpreter, and as such he is recognized as one of the great men of his profession.

He will present Drinkwater's "Abraham Lincoln," the play that has occasioned so much comment and interest during the last year. The play is of unusual interest because it is an English appreciation of an American hero. Mr. Clark will not only read the play but he will also comment upon its structure, its purpose and its pace in contemporary drama. Any one who has heard Mr. Clark lecture will realize how wholly individual and at the same time how altogether worth while those comments will be.

The Woman's club feels that it is fittingly observing Education Week by bringing to Jacksonville so eminent an educator as Mr. Clark, and they count it a great treat that he will present this new and sincere tribute to the great American hero, Abraham Lincoln. In order to share this opportunity with those who are not club members, arrangements have been made whereby any one desiring to attend may purchase a guest ticket at the door.

ILLINOIS SOIL EXPERTS INVEST IN SOUTHEAST MISSOURI LAND
(From St. Louis Post-Dispatch.)
The Himmelberger-Harrison Land Selling Co., of Cape Girardeau, Mo., reports several notable sales in the past few years sold nearly 100,000 acres of cutover drained lands in Southeast Missouri, the greater part of which has been put in cultivation. The new settlers largely from Central and Northern Illinois.

Among recent buyers of land in Southeast Missouri, according to Julien N. Friant, treasurer of the company, are several soil experts of the Agricultural College of the University of Illinois, including Dr. W. L. Burlison and W. C. Coffey, Prof. Henry P. Rusk and I. A. Medden, all of whom bought in the western part of New Madrid county.

"Each of them made a personal investigation of the soil and country, and Dr. Burlison was especially enthusiastic," Friant said. "His expectation of rapid development being based upon the fact that drainage work is about completed and hard roads being built in every county, each one of which has voted road bonds on its own hook, the total being about \$3,000,000. An intensive campaign is on that is expected to make Cape Girardeau county one of the centers of pure-bred Guernsey cattle, and of the dairying and fruit-raising industry."

NO SOLUTION OF HAMON'S DEATH

(By The Associated Press)
ARDMORE, Okla., Dec. 4.—The mystery surrounding the shooting of Jake L. Hamon, Republican National committeeman from Oklahoma and millionaire railroad and oil man tonight was no nearer a public solution.

Three outstanding events marked the resumption today of the investigation of the death of Mr. Hamon, which occurred November 26, after he was shot. A warrant would be taken out for any person that evidence showed was instrumental in spiriting from Ardmore, Miss Clara Smith against whom a charge of assault with intent to kill has been placed; a statement by Mrs. Hamon, the politician's widow that she did not believe Miss Smith fired the bullet which killed Mr. Hamon and that she would not prosecute Miss Smith should she be apprehended and returned to Ardmore; and another statement by Mrs. Hamon that she would gladly become her husband's successor as national committeeman if the honor were offered to her.

OFFICERS FIND WHISKEY TANKS

Baltimore, Dec. 4.—An ingenious contrivance for concealing and carrying liquor in an automobile was revealed after a collision between a touring car and an automobile truck near Elkton, Md., a few days ago, according to prohibition agents here.

Two metal tanks, each with a capacity of nine gallons, were built under the rear and front seats of the car, while a false bottom built under the floor of the tonneau was equipped so as to hold one gallon flat cans of liquor, the officers said.

OKLAHOMA BANK CLOSES ITS DOORS

Oklahoma, City, Okla., Dec. 4.—Liquidation of the First State Bank of Marietta, Okla., was announced today by Fred G. Dennis, state bank commissioner. Losses are said to have been caused by the drop in the cotton market.

Bloomington, Ill., Dec. 4.—Joe Dunn, manager of the Bloomington baseball club in 1919 and 1920 in which years Bloomington won the Three I League pennant today signed a contract for his third year here. His salary will be the largest ever paid a manager in this class league.

BOXING BOUT STOPPED IN CHICAGO

(By The Associated Press)
CHICAGO, Dec. 4.—Attempts to stage a public bout in Chicago for the first time since Joe Gans and Terry McGovern fought, about fifteen years ago, failed tonight when state officials prevented a match scheduled between Pal Moore of Memphis and Jimmy Kelly of Chicago under auspices of the Spanish War Veterans' association. The bout was called off under orders from Adjutant General Dickson, who said that he had received "many protests from Chicagoans," and that as professional boxing was against the law the match could not be held.

The announcement caused considerable disorder among the 3,000 persons in the building.

SERIES OF SOCIAL FUNCTIONS IN EXECUTIVE MANSION

Springfield.—The A. P.—Governor Frank O. Lowden and Mrs. Lowden have announced dates for a series of social functions to begin in the executive mansion before the governor resigns from office. The first event will be on Tuesday, Dec. 7, when Springfield friends of the governor and his wife will be guests at the mansion. On Dec. 8 a dinner will be given for members of the State Supreme Court and their wives and on Dec. 9 a dinner will be given to state officers and their wives. On Dec. 15 a dinner will be given to members of the governor's cabinet and their wives and the next day a buffet dinner to a group of directors and divisions and their wives. On New Year's Day a reception will be given from 4 to 6 p. m., to the public. No invitations will be issued for the final event.

THIS WAS BANNER YEAR FOR ROAD WORK IN ILLINOIS
Springfield, Ill.—By The A. P.—Pennsylvania won the race with Illinois in the number of miles of roads constructed this year. Frank I. Bennett, state director of highway construction, announced, Pennsylvania's completed roadwork for 1920 totaled 354 miles while Illinois' totaled 126 miles when all road construction was stopped this week due to inclement weather.

Mr. Bennett says 1920 was the banner year for road construction work in Illinois. In 1919 only 250 miles were completed. Pennsylvania was the only state in the Union to pass Illinois this year in completed road work.

HIGHWAY COMMISSION TO MEET IN CHICAGO

Chicago.—The A. P.—The State Highway Commission will meet here next Monday to hear arguments for bond issue route No. 18 between Chicago and Princeton in Bureau county. The road, which will be 192 miles in length, will be built with money provided several years ago in the \$60,000,000 road bond issue. The commission will meet at Dwight, Ill., Dec. 7, for the purpose of selecting routes between Jacob, Marshall County, to Kankakee, a distance of 91½ miles and from Dana to Garfield in La Salle County, a distance of nine miles.

QUINCY GIRL BORN WEIGHS 13-4 POUNDS

Quincy, Ill., Dec. 4.—What is said to be the smallest child ever born in Quincy, a girl, was born here to Mrs. John Feith. The infant weighs 13-4 pounds and physicians say it is perfectly formed. Earlier in the week a boy was born in Quincy weighing 15 pounds, which was said to be the heaviest ever born here.

AUTO RUN DOWN BY C. B. & Q. TRAIN

Quincy, Ill., Dec. 4.—Lawrence McCoy, aged 10, will die, Edward McCoy, 12, lost a leg, and W. B. McCoy, will probably recover from an accident in which their car was run down by a Chicago, Burlington & Quincy train, five miles north of Quincy this evening while making a grade crossing.

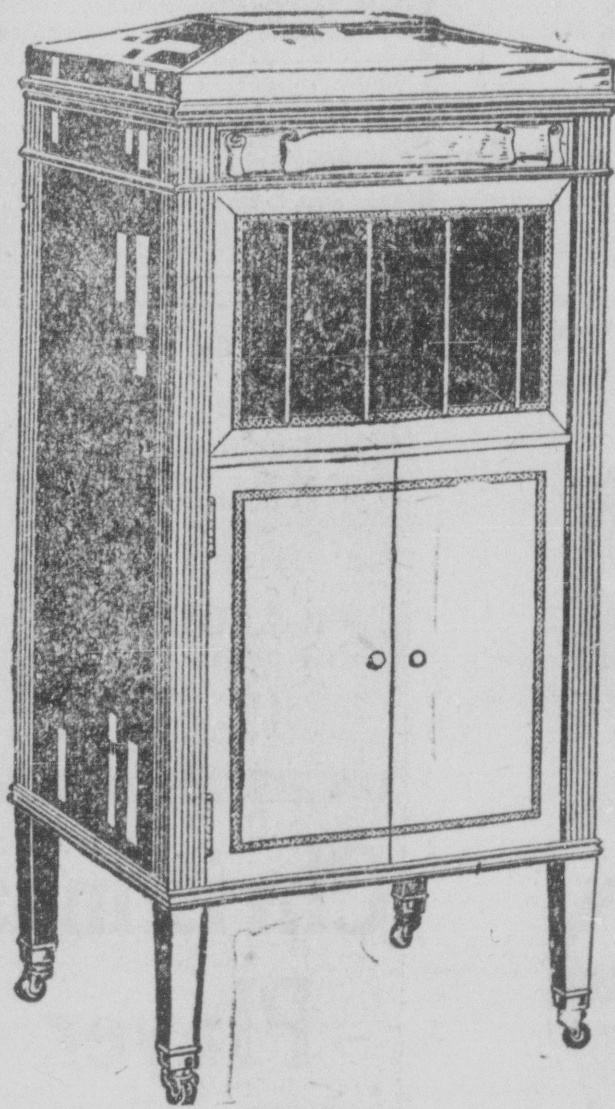

A Burgeo Supper will be given by the ladies of the Murrayville M. E. church Wednesday evening, Dec. 8, commencing at 4:30 o'clock.

Paris, Dec. 4.—Despatches from Spain said the general strike movement is extended from Catalonia to other provinces and that proclamation of a state of siege is expected. In Barcelona riots occurred in which shots were exchanged and several persons wounded.

**COUNTY HOME PLANS
SUBJECT OF INTEREST**

Changes in Conditions Here and Elsewhere Have Come With the Years — Objections Raised to Home on Sanatorium Grounds.

The announcement that members of the county board are considering a change in the method of operating the county home was read with interest by a great many people. As already indicated, the members of the board thus far have no definite plan under way but are bent upon making a thorough investigation of the matter and then purpose to take the action which will be for the best interests of all the people.

It seems to be the case that many counties throughout the state have within recent years entirely abandoned the county home plan and have either leased or sold the properties which were formerly used for such purposes. Frank J. Heintz recently made comment upon the fact that at one time when he was county clerk more than 100 persons were being cared for at the county home. Today the number is 18, so that it can be readily understood how the need has diminished. When the home was established land was comparatively cheap and the plan adopted was no doubt the most economical for taking care of the county wards.

Law Is Quoted.
Conditions seem to have changed widely thru the years and as one citizen expressed it Saturday, the need for a county home has disappeared and instead the county simply needs an infirmary building, where the aged poor of the county can receive attention. Some persons especially interested in the tuberculosis sanatorium make decided objection to the suggestion that a part of the tuberculosis sanatorium ground be used for

the establishment of a county home, even on a small scale. They have called attention to part of section 6 of the Illinois county tuberculosis act which provides that "no building in which tuberculosis patients are to be housed shall be built on the ground of a county poor farm, but shall have separate and distinct ground of its own."

Another paragraph from the same section reads: "Provided that no sanatorium or branch or dispensary or auxiliary institution or activity under this act for tuberculosis patients shall be under the same management as a county poor farm or infirmary, but shall on the contrary be under a management separate and distinct in every particular."

Joint Use of Heat Plant.
Answering this statement, some of those inclined to the plan of utilizing a part of the tuberculosis grounds for an infirmary or building for the care of the county poor say that the building need not be near enough to the tuberculosis sanatorium to make it objectionable to patients there. They say that if there is objection to placing the building upon the grounds of the sanatorium that it might be located in some separate property under entirely separate management but so arranged that the heating and sewerage disposal plants of the sanatorium could be utilized for it. But no doubt the county officials who have this matter in charge will familiarize themselves with plans in force in other counties, will seek advice from the state department of public welfare and listen to suggestions made by citizens.

**POPE BENEDICT GIVES
ENDORSEMENT OF PLAN**

Sends Letter to Herbert Hoover — Eight Welfare Organizations Compose European Relief Council.

NEW YORK, Dec. 4.—Pope Benedict in a letter to Herbert Hoover transmitted thru Cardinal Gibbons of Baltimore, gives his endorsement to the newly formed European relief council, composed of eight American welfare organizations which has undertaken to provide help for distressed children of Europe. The text in part follows:

"What you did to succor the helpless children of Belgium when the utter lack of proper food threatened their frail lives, all this is still fresh and living in our memory. At this time we moved to lift up our voice in praise of your noble initiative and we are all the more disposed to do so now in view of the fact that it is no longer a question of saving the lives of the children of one nation alone, but rather as we are credibly informed of three million children belonging to various nations of Europe."

"Urged on, therefore, by the charity of Christ and sharing as we do in his special love for the little ones, we recommend your present work as strongly and as earnestly as may be to the generosity of all American citizens irrespective of creed or party and we feel assured that they will gladly respond with enthusiasm, seeing that your work is not confined to anyone people, but that it embraces all who are in need without distinction and, in particular, the innocent children of those who were enemies of yesterday and who now suffer all the more."

"Wishing that your labors may be crowned with the fullest success we fervently pray God that he may be pleased to bestow upon you his very choicest rewards."

"Benedict P. P. XV."

**PROTEST POLICY
OF GOVERNMENT**

London Meeting Passes Resolution Condemning Policy of Reprisals—Former Premier Asquith Principal Speaker.

LONDON, Dec. 4.—A resolution recording detestation of the murders of police and soldiers in Ireland and deploring the failure of the government to secure correction of the murderers and provide for the protection of its servants and condemning as immoral and ineffective the policy of reprisals which has involved revenge upon the innocent for the sins of the guilty was adopted in the course of a demonstration at Albert Hall today. Former Premier Asquith was the principal speaker. The resolution also calls on the government to abandon all attempts to repress crime by crime and demands immediate action to restore the supremacy of law and order and to secure the pacification of Ireland and its reconciliation with England.

Mr. Asquith spoke strongly against the murdering of policemen and soldiers and the "lawless excesses which were allowed to be perpetrated by officers. He declared that the police and soldiers had reason to believe the methods of indiscriminate retaliation was regarded in highest quarters as a thing to be looked upon without undue disfavor pointing that in not a single case had there been exemplary punishment."

Are You Driving Your Car This Winter?

If so come in and let us advise you on winter care. If you lay up your car, there is but one thing to do. Bring your battery in to us and have us store it for you. We will take care of it for you at a nominal charge, and return it to you in the spring in the best possible condition. If you leave it in the car, it may freeze and a frozen battery is not worth repairing. Our winter storage facilities are complete. Wise motorists have "winter stored" their batteries for many years. They saved money by doing so.

Western Conference Football Schedule

CHICAGO, Dec. 4.—Football relations between Wisconsin and Ohio State universities were broken off today at the meeting of western conference football coaches following the refusal of Ohio State to play a game with Wisconsin at Madison next year, but the two schools agreed to carry out schedules already arranged in other lines of sport. The coaches also refused to lengthen the schedule to nine games and each team will play seven games next year just as in the past.

Minnesota was left off the Illinois schedule, it being found impossible to arrange a suitable date.

Coaches Stagg of Chicago and Yost of Michigan both expressed disappointment over the fact that their teams would not meet next year.

"I thought we had arranged a two game contract a year ago," said Mr. Yost, "but it seems we didn't, so we'll just have to let the game go."

The Western Conference faculty committee voted to make numbering of players in football games compulsory, ruling that the numbers must be eight inches high, easily distinguishable and that each coach must announce the numbers of his players a week before the game.

It also ruled that football officials who officiate in professional games may not act in conference games.

It made the following awards of athletic events:

Indoor track meet: Northwestern, March 17 and 18.

Swimming meet: Northwestern, March 17 and 18.

Tennis meet: Chicago, May 25-28.

Outdoor track meet: Chicago, June 4.

Cross-country run: Indiana, Nov. 19.

Gymnastic meet: Indiana, March 11 and 12.

Five places will count in track meets, instead of four as heretofore, the committees decided and no team of less than five men will be allowed to enter any athletic meet.

The possibility of football interfering with studies was discussed at length by the committee members. A committee composed of Professors J. F. A. Pyre of Wisconsin, R. W. Aigler of Michigan, and Thomas E. French of Ohio State were appointed to conduct an investigation as to whether too much time was being taken up in practice and whether it would be advisable to limit practice hours to a set period.

The football schedules arranged include intersectional games between Princeton and Chicago and Harvard and Indiana both to be played early in the season and in the east. Notre Dame, generally one of the strongest of midwestern eleven but not in the conference was given three games by conference teams playing Purdue, Indiana and Iowa. Only Indiana and Iowa favored lengthening the schedule.

The schedules follow:

HYDE PARK AND LANSING HIGH TIE

Lansing, Mich., Dec. 4.—Lansing High School played Hyde Park of Chicago to a 7-7 tie at Y. M. C. A. field this afternoon.

The Hyde Park squad which outweighted the locals scored in the first few plays of the second period and held Lansing scoreless until the final minutes of play. Lansing profiting by a penalty, then got to within striking distance of the goal and in three line drives carried the ball over. Captain Richards kicked goal tying the score.

AMERICAN LEGION MEETING
 Elks Club, Tuesday, Dec. 7. Election of Officers.

WON HIGH HONORS.
 Mr. and Mrs. John R. Fernandes of 816 Doolin avenue received a letter from their son, Ernest, that he captured second prize in the George L. Schuman contest for the best preparation and delivery of an address on the Price of Ministerial Success. There were eight contestants. The manuscripts were judged in thought and construction. The three best were delivered before faculty, students and friends. There was only a fraction of one per cent between Ernest and the Ohio man who got first. Another man from Ohio got third. Ernest received a set of the Stoddard library and fifteen dollars cash. Rev. John Gardner, D. D., Dr. Alexander R. Craig and Attorney S. C. Irving were judges. Ernest is a senior at McCormick Theological Seminary, Chicago, Ill.

Three new style collars, that appeal to the young men—Ide Crest, Idewyn and Ide point, are shown by FRANK BYRNS Hat Store.

CARD OF THANKS.

HARD TASK SELECTING EASTERN CHAMPIONS

Six Teams Passed Thru the Season Without Defeat—Boston College Only One to Have an Absolutely Clean Slate.

NEW YORK, Dec. 4.—The close of the eastern college football season finds the task of selecting a championship eleven more complicated than usual.

Six college or university eleven have passed thru the season without defeat, but in the case of five of these teams the record was marred by one or more tie games. Boston College is the only one which has an absolutely clean slate to date and that team still has one game to play being scheduled to meet the strong Holycross eleven next Saturday.

Harvard, Princeton, Pittsburgh, Penn State and Stevens all closed their schedule undefeated but tie contest between Princeton and Harvard left the question of supremacy unsolved. Penn State and Pittsburgh played a tie game while Middlebury held Stevens to a scoreless tie.

While comparative scores and comparison of individual games is a futile means of arriving at the strongest team in any section it can safely be stated that if a championship team were to be selected it would be found among the combination enumerated.

An analysis of the records of the various college eleven of the east develops some interesting and confusing data. The West Point cadet team, altho defeated by the Navy and Notre Dame, managed to roll up an aggregating score of 314 points which, so far as scoring is concerned, gives the army first place in the section totals. From a defensive standpoint Boston College appears to hold the palm as Coach Cavanaugh's gridiron pupils held their opponents to a total of 16 points, of which Yale made thirteen and Marietta the remaining three. Syracuse was next with an opponent score of 27, while Harvard was a close third, with but 23 points scored against her.

BASKETBALL COACHES ADOPT NEW RULE
 Chicago, Dec. 4.—Western Conference basketball coaches at a meeting today adopted a rule that a player could be taken out and put back in a game only once in each contest and that a "held" ball within the free throw lane must be taken out and put in play fifteen feet in front of the goal.

LULL IN WHEAT FLOUR MILLING BUSINESS

Business is Quietest It Has Been in Ten Years, According to Secretary of Millers National Federation—No Export Call for Flour.

Chicago.—By Associated Press.—The wheat flour milling business, to which attention was called by the Kansas industrial court's investigation of Kansas millers for reducing operations, is the quietest it has been in ten years, according to A. P. Hubbard, secretary of the Millers National Federation. He said there is practically no export call for flour and domestic demand falls much below a capacity based on a large export trade.

"The miller has not been an important factor in buying wheat this year," Mr. Hubbard said. The reduced quantity of wheat he has been able to handle has largely withdrawn him from the market.

Lack of export trade Mr. Hubbard attributed for the most part to unfavorable ocean freight rates on flour as compared with wheat. He said an advantage given wheat of 25¢ a hundredweight had operated to draw American wheat to Europe where it was made into flour and sold at lower prices than American flour could be sold there.

Consequently, he said, millers in Great Britain, Holland, Denmark and Sweden, where the United States had been doing a large business, have been very busy and that European needs appeared to be taken care of until next Spring.

The differential against flour has been reduced to 5¢ a hundredweight, but Mr. Hubbard said this reduction had come so late it would do no much to encourage export.

Why Stay Fat?

The answer of most fat people is that exercise and dieting is too hard, too troublesome and too dangerous a method to force the weight down. However, in Marmola Prescription Tablets, all these difficulties are overcome. They are absolutely harmless, entail no dieting or violent exercise, and have the added advantage of cheapness. One little tablet after each meal and at bedtime—as pleasant to eat as candy—will reduce your weight two, three or four pounds a week, and leave no bad results such as wrinkles, or flabby skin. A good size box is sold for \$1.00, or if preferred they may be obtained by sending the amount to the Marmola Co., 94 Garfield Building, Detroit, Mich. They will reach you by mail, prepaid, in plain, sealed cover.

Now that you know this you have no excuse for being too fat, but can reduce, three or four pounds a week without any of bad after-effects.

PUT STATE BANKS INTO FEDERAL RESERVE PLAN

This is the Plan M. F. Dunlap Suggests Will Solve the Present Financial Situation—Enforced Membership Would Create Huge Credit Basis.

The governors of various states in conference recently have been considering various programs for the relief of the present business situation. Their thoughts have been directed particularly to the farmers of the U. S., who have suffered such tremendous losses within the past 90 days because of the unprecedented and unexpected decline of prices. The conference of governors has been only one of the deliberative bodies considering this big financial problem.

While special thought and attention has been turned toward the farmers because of the heavy losses, the difficulties of doing business are by no means confined to the men who are engaged in the business of agriculture and livestock.

Many industrial enterprises have been closed down and others have been and are on the verge of disaster. It was to be expected that a period of deflation would come from the very high peak of business prosperity, but the difficulty seems to be that instead of climbing down the ladder rung by rung prices have taken the toboggan method of transit.

There seems to be a common agreement that the situation would be automatically relieved if a satisfactory and safe method could be found of financing certain European nations. The need for commodities that the U. S. has ready for export exists there, but these peoples have neither the money or credit necessary for making the purchases. On the other hand, the manufacturers and shippers find their own credit curtailed to such an extent that they are unable to extend credit which would relieve things. It is this situation which has become a matter of national concern.

M. F. Dunlap, president of Ayers National bank, in an informal conversation yesterday suggested a plan which he believes would relieve the whole situation and which, in his opinion, has many things to recommend it.

Federal Reserve Funds.

"It seems to be the general feeling," said Mr. Dunlap, "that the present situation has developed partially because of the action of the federal reserve bank in permitting its reserves to be diminished to about 40 per cent and in the sudden tightening up on interest rates. Manifestly the federal reserve system had its part in the inflation price period because the ability to secure funds at low rates of interest tended to raise prices. Under the present reserve system each bank is required to furnish a certain per cent of its capital in subscriptions for the capital stock of the federal reserve bank and in addition thereto, is required to deposit a certain percentage of its deposits with the federal reserve bank, for which it receives no interest. In the case of the Ayers National bank, it is required to keep almost \$200,000 with the federal reserve bank, for which it receives no interest, but along with other national banks, is thus contributing to the support of the financial structure of the country."

"Under the federal reserve act every national bank must belong to the reserve system. State banks have the opportunity of membership but are not required under the law to hold such membership. As I have considered the question I cannot see why speedy and permanent relief would not be given in the present situation if congress were to pass a law requiring that state

banks become members of the federal reserve system. Would Give Huge Credit Fund. "The total of capital and deposits of the state banks of this country amounts to considerably more than the capital and deposits of the national banks. So such an act of congress would mean that the reserve funds of the federal reserve bank would be immediately more than doubled. With such huge increase of funds, the credit situation would be immediately relieved."

"It certainly would not be advisable for the federal reserve bank with such a fund to immediately lower its rates, for that would tend toward another period of inflation. But if the available fund were increased in the way I suggest and the interest rates kept comparatively high, there would not be an encouragement for speculation and yet there would be a certain tendency toward higher prices, as credit extension could thus become possible."

"The federal reserve system is not perfect but without the system or something similar to it, the country could not have safely passed through the war and the subsequent days."

"Of course there has been much talk of deflation and the need for deflation, and if the country wants the lower price avalanche to continue, the plan I am talking about would result in higher instead of lower prices. One trouble with the various plans suggested thus far has been that they contemplate relief particularly for one class of business or industry. The farmer has suffered tremendous losses but as soon as any special legislation or finance plan is worked out for his benefit alone there will be a demand for relief in some other quarters. What is needed is a finance plan which will take into account the whole basic problem and furnish credit for business in general way."

"If the provisions of the federal reserve system are good for the national banks why will it not be helpful to the country to have the banks all operating under one national system and thus furnishing immediately the credit expansion which the business situation seems to demand."

FORMER WINCHESTER YOUNG WOMAN WEDS

Miss Lucille Hamilton Is Bride of Walter Spence of Decatur—Rough Fire Saturday Morning—Other Winchester News.

Winchester, Dec. 4.—The many friends of Miss Lucille Hamilton will be surprised to learn of her marriage to Mr. Walter Spence, which occurred Wednesday in Decatur. Mrs. Spence has been in the latter city for the past several years, graduating there last year from the nurses' training school. It was there that she met Mr. Spence, who is a well known resident of Decatur, and they expect to reside in that city. Mr. and Spence are now guests at the home of the latter's parents, Mr. and Mrs. T. C. Hamilton, in Winchester and will return to Decatur Sunday evening.

Mrs. Spence has always resided in Winchester except for the time she spent in Decatur. She is a graduate of the Winchester high school and is well and favorably known in this community. Her many friends will extend hearty congratulations and good wishes at this time.

The fire alarm sounded about 10:30 o'clock Saturday morning and the firemen were called to the residence of Thomas Kirkman, where a fire was burning out. The blaze was extinguished with but slight damage to the roof.

A baby daughter arrived Saturday morning at the home of Mr. and Mrs. William Hart.

Mrs. Thomas Ross has been very ill the past week but was reported somewhat improved Saturday.

Mrs. L. C. Jones arrived Saturday afternoon from Beardstown to visit her father, John Kellum.

Joseph Wilson passed away Friday morning at his home in East St. Louis, aged 71 years, 10 months and 4 days. The remains were brought to Winchester Friday night, and funeral services will be conducted from the home of Mrs. A. C. Brown at 2:30 o'clock Sunday afternoon, with Rev. F. B. Elmore in charge. Interment will be in Winchester cemetery.

Mr. Wilson was at one time a resident of Winchester and will be remembered by many of the older residents here.

Social Events

Annual Gridiron Hop

The annual gridiron hop given by the students of Illinois College in honor of the football team was held in the Knights of Columbus hall Saturday night. Music was furnished by Dunlap's orchestra and sixty couples enjoyed an excellent program of dances.

Gave Party For Grandson

Mrs. George Chambers of Hardin avenue gave her little grandson, "Bobbie" Leach, a party Saturday afternoon. A number of little folks gathered and spent the time playing various games. In due time Mrs. Chambers served refreshments and the little ones departed for their homes.

Cloverleaf Boosters Elect New Officers

The Cloverleaf Booster club had an oyster supper in the company's office Friday evening. There was a full attendance of all members, and at the business meeting following plans were made for the annual Christmas tree and officers chosen for the coming year. Miss Louise Strandberg was re-elected president of the club and the other 1921 officers are:

Vice-president, Fern Haigh; secretary, Eula Harshaw; treasurer, Katherine Gustafson; chairman and refreshment committee, Marie Siebert; chairman entertainment committee, Hannah Schirz.

Gave Kitchen Shower For Miss Rogerson.

Mrs. T. M. Tomlinson and Miss Margaret Tomlinson gave a kitchen shower at their home, 315 Lockwood place, Saturday afternoon in honor of Miss Dorothy Rogerson, who is soon to become the bride of Edward Tomlinson. About thirty-five of the intimate friends of Miss Rogerson were present and the affair proved a very enjoyable one. The bride-to-be received many useful gifts. In the course of the afternoon the hostesses served delightful refreshments.

Gave Surprise for Newly Married Couple

About thirty-five members of the Jolly club of Woodson community surprised Mr. and Mrs. William Casey newlyweds at their home near Woodson recently. The self invited guests took oysters and plenty of other good things to eat. After a pleasant evening spent with games and other amusements refreshments were served.

F. W. GOODRICK TO MANAGE STORE

Local Man Will Be in Charge of Von Fossen Company Store on West State Street.

Fred W. Goodrick, who is a well known local musician, is to have charge of the new music store to be opened in this city by the Von Fossen Music Co., according to information recently obtained.

Mr. Goodrick has been for several years connected with various musical interests in this city. He is now the leader of a local orchestra, which has acquired a considerable reputation for good music and is widely sought for all sorts of gatherings where the best music is desired.

The Von Fossen Music Co. expects to open its new store here some time next week. The opening of the store has been delayed by the cost of building materials and the firm's inability to make the necessary changes in the building on West State street which they are to occupy. As it is now possible to get the necessary material at more reasonable rates, workmen are busy pushing the changes in the interior of the store to completion.

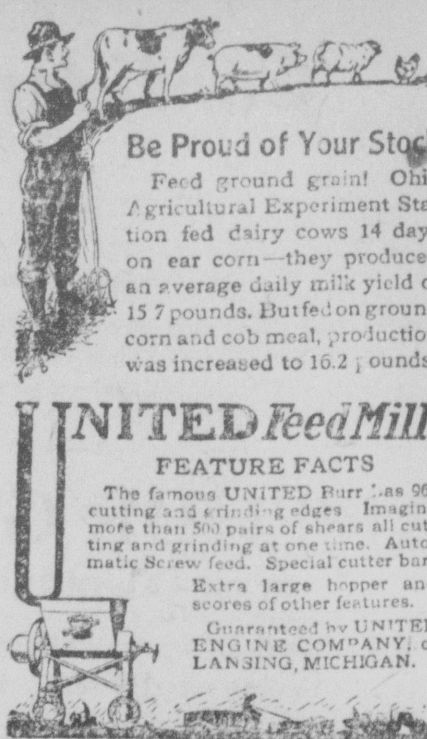

This will make the fourth store which the Von Fossen company has established in Illinois. They have a music house at Beardstown. For the present they will handle only Victrolas here, but later expect to put in a line of pianos and other musical instruments.

BIG CONCERT HERE NOW SEEMS ASSURED

Solicitors are now canvassing the city for guarantors for the Philharmonic Orchestra Concert on May 25. From present indications there will be no trouble in securing a sufficient number, the names of which will be announced through the press at an early date. The New York Philharmonic Orchestra is the oldest symphony orchestra in the United States and one of the largest in the world, having one hundred members. The concert will be the biggest musical event in the history of Jacksonville.

CONSERVATORY NOT

There will be a faculty recital next Thursday evening, Dec. 9, in Recital hall. Mrs. Fay Foreman, who succeeds Miss Hazel Bell Long as instructor in the piano department, will play two groups, and Miss

Helen Sorrells, instructor in the violin department, will play two groups. The public is cordially invited.

There will be a students' recital on Friday afternoon, Dec. 10, at 4 o'clock. The public is invited.

On the afternoon of Thanksgiving Day, in Indianapolis, Ind., Mr. Quast and Mr. Munger gave a joint recital before the members of the

Mature Musical club, being both obliged to respond to encores.

Mr. Munger's annual piano recital, given last Tuesday evening, Nov. 20, in Northminster church, was most successful and well attended by an appreciative audience.

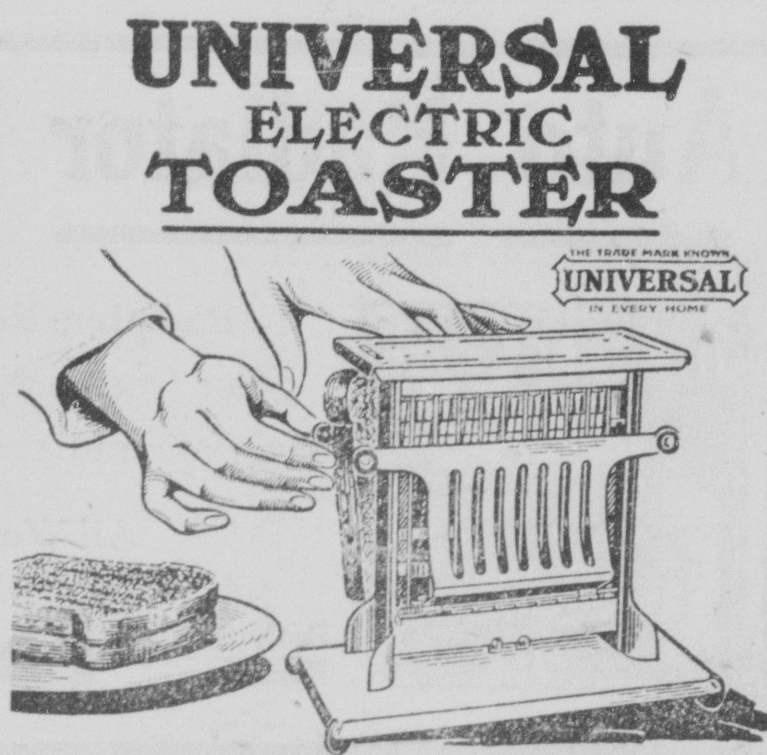

There will be a recital of advanced students of the violin, voice and piano departments on Tuesday evening, Dec. 14, in Recital hall.

TWO MORE ENLIST FOR SERVICE IN U. S. ARMY

With the enlistment of two more young men at the Jacksonville Army recruiting office, the number of enlistments so far this month jumps to eight. This number is nearly half of that which put the local station into first rank in November. The latest recruits are Frank B. Goldsby of Flora, Ill., who becomes a member

of the Second Regiment of Engineers, Camp Travis, Texas, for three years, and Ardie N. Blair of Illinois avenue, this city, now a member of the Quarter Master's department at Camp Grant. The latter's enlistment was for three years, also.

Christmas Store for Electric Home Needs

Gifts that Make "Merry Christmas" Last the Whole Year Through

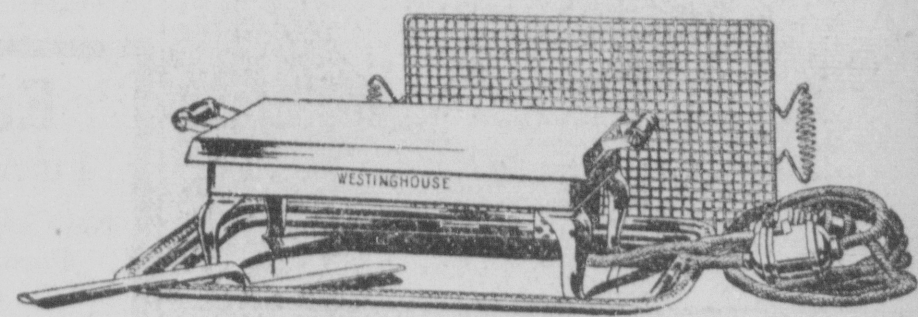

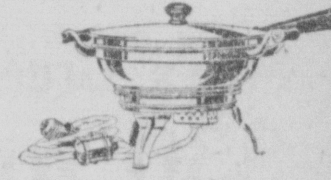

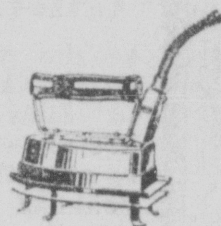

No other gift that you can make will more truly carry the glad spirit of Christmas than something useful, something permanent in the home—something electrical which at once combines use with beauty and serves as a perpetual reminder of the thoughtfulness of the donor.

We have tried here to give you a graphic story, tried to make our announcement of Christmas time so suggestive and appealing that, even though too busy to read descriptions of the various items we are showing and of their uses, the illustrations will carry a message that will not be forgotten in the hurry of the coming days.

There is the electric toaster, a beautiful article for the table, enabling one to make crisp, golden brown toast, just as wanted. Only \$8.00.

The electric iron that makes easier work of ironing day, the iron with the always cool handle; the iron so convenient and ready; an article that should be in every home. Reasonably priced at \$8.00.

Eureka Vacuum cleaner, operated by electricity, quickly attached to any light socket, makes cleaning positively a pleasure. There is no question about the good work these cleaners do. Dirt and dust is taken up, out, and off articles of every sort, as well as floors. In actual saving of wear on the furnishings of a home a Eureka cleaner soon pays for itself. Complete with all attachments, only \$53.50.

SAY SHE COULD SHOUT FOR JOY

Another LaSalle Woman Pours Out Gratitude to Tanlac For Restoring Health.

"When I think of the wonderful change Tanlac has made in my health I could shout for joy," said Mrs. Frank Weir, of 106 Fourth Street, LaSalle, Ill.

"Before I started on Tanlac I was in such a run-down sick condition I thought I was going to die. I could hardly drag around and each day was getting weaker. After every meal I had a burning sensation in my chest and such pains in the pit of my stomach they fairly doubled me up. My kidneys also bothered me a lot and I had a dull, aching pain across the small of my back. I suffered with terrible headaches and my nerves became so unstrung that I couldn't rest at night. I was indeed a physical wreck and neither treatment nor medicines did me any good."

"But Tanlac has made a new woman of me and I'm now feeling as well as I ever did in my life. I haven't had a sign of indigestion or pain after eating since I finished the third bottle. My kidneys never bother me and headaches are a thing of the past. I sleep well at night and get up in the mornings feeling fine. I have gained seventeen pounds in weight and am so strong now that my housework is no trouble to me at all."

Tanlac is sold in Jacksonville by J. F. Shreve; Wyle Drug Co., Waverly and Franklin, and leading drug stores in other towns. adv.

W. E. SULLIVAN IS NAMED OFFICIAL OF LOCAL ROUTE

M. V. H. Association Elects Officers For District at Carrollton—Woodson Boosters Organize.

The first annual meeting of the Jacksonville-Alton and St. Louis division of the Mississippi Valley Highway association was held at the court house at Carrollton Friday and was attended by about one hundred boosters, seventeen of whom were from Woodson, Ill.

The following officers were elected for the year 1921: President, C. M. Hanes, Jerseyville; vice-president, George E. Wilton, Granite City; secretary, W. E. Sullivan, Jacksonville; treasurer, Guy Lowenstein (re-elected), White Hall.

The Woodson delegation was very much excited over the report of the state highway commission that the routing of state road No. 3 would go through their town but would go about one-half mile west.

They had a great deal of evidence to submit showing that while the distance through Woodson would be one mile further, than by the routing suggested by the state, that the population along their highway is about twenty times as great and furthermore, their road could be built much cheaper than the other one.

A petition signed by about seventy-five prominent citizens of Jacksonville, also by about 100 citizens along the Woodson route was presented to the convention, also a great deal of other evidence, so a resolution was unanimously adopted favoring the routing through Woodson.

The Woodson Mississippi Valley Highway club was organized at this meeting with fourteen paid-up charter members, and they claim that their membership list will be at least one hundred before Christmas. The following officers were elected: President, George M. Cunningham; vice-president, W. E. McCurley; secretary, S. J. Baxter; treasurer, J. T. Self.

Woodson is the second club on the entire highway that has paid its dues for 1921, Carrollton being the first.

The convention accepted the invitation of the Chamber of Commerce of Jacksonville to hold a midsummer meeting in Jacksonville and to combine same with a sociability run from St. Louis to Jacksonville and from Burlington to Jacksonville.

CHILDREN AND THE LIBRARY GAME

The other evening a lady walked into the Children's room at the Public Library and found a great many children seated in front of big filing cases filled with cards. She watched them for some little while. First she noticed that a child would look thru the file case, extract a card from the box and go along the shelves and find a book. After he had found what he was looking for, he would wend his way thru the other busy workers and go to the Librarian's desk. Here he turned in a card and would go to a board and write something.

The visitor could stand this mystery no longer and asked the librarian what everything was about and what was so interesting.

"I never knew that children could use a filing case as these youngsters are using these. How is it that you can get them so interested in their work?" she asked. "Will you please tell me what your methods are?"

"It's very simple and also very interesting," Miss Bowman, the librarian replied. "We go around to the different schools thru-out the city and give the scholars of the fifth and sixth grades instructions in keeping the books of the Children's Department in order. Before this a child would come down here, take out a book, and would not return it to its proper place on the shelves. Why, do you know that in one month alone there were fifteen books missing?"

"But were there no cards kept of these books? If there were I should think you would be able to find those who have the lost books."

"There's where the trouble lies. We have the name of most of the holders of the missing book but not all. We have warned the children in the schools that if anyone takes a book out without permission or does not return it as he should, he would not be allowed to take out any more books. We have now adopted a system by which we think we shall be able to gain the cooperation of the children."

"The schools have entered upon a game which we call the 'Library' game. Their object is to see which school can find the most books. Only the fifth and sixth grades and lower high are allowed in the contest. A student reports to me his book's grade and school and I then give him a card. He has to look thru the files for a certain card. When he has found the card he has to look for the book that is named on the card. After he has found the book and has found what he is looking for the reports to me and I credit him, and his school with five points."

"I think that is fine. Do you know that I think the library should interest the children in books and the care of them. If a child is taught when he is young that books are an important feature of his later life, I believe that we would not have so many young men hanging around the pool rooms of our city. By learning to read the right sort of books when he is young, when he becomes older he will have developed in such a way as to abhor any such trashy

series as our modern magazines now give to the public.

"I'm sorry I can not stay any longer and learn more about this fine game but I have to go now. If there is anything I can do that will help along your work, please let me know and I shall be only too glad to do what I can. Good-bye. I'll see you again some other time."

"Good-bye," returned Miss Bowman as the lady turned to leave. "Here is a list of the schools and their standings. If you should have enough time some day, why not go to one of these schools and see the interest they are showing in the new game of 'library'?"

When the visitor had time to read the standings of the different schools, this is what she saw:

2. Washington	140
3. Jefferson	125
4. Franklin	120
5. LaFayette	40
6. Parochial	25

Wilbur Williams and family, Clyde Williams and family, Mrs. Albert Peters, Walter Williams and Miss Nettie Nash ate Thanksgiving dinner at the home of Charles E. Williams.

Mrs. Mary Christison and daughters, and son, Elmer and wife from near Winchester spent Sunday with Mr. and Mrs. Chester Williams.

Mrs. Emma Edmondson was visiting her sister, Mrs. St. Clair Taylor last week.

Clyde Williams and family and Charles E. Williams were Sunday visitors at the Markham home in Chapin.

Mrs. Charles Nergensah is recovering nicely.

Quite a large crowd attended the sale of the late Riley Taylor estate held at the farm at Morgan City last Tuesday. John and Charles Taylor purchased the 20 acre tract lying north of the railroad at \$350 per acre and Alfred Anderson purchased the 20 acre tract lying north of the railroad at \$340 per acre.

Merle Beddingfield was the auctioneer. Winfield Taylor of Kansas City, attended the sale. H. O. Smith, Walter Grady and Lee Robbins were visitors at Perry Spring and Chambersburg Sunday.

Mr. and Mrs. Irvin Coulson and daughter spent Thanksgiving day with her parents in Chapin.

Mr. and Mrs. M. V. Hutches, Miss Edna Hutches, who is teaching school at Kewanee, and Mrs. Arthur Beddingfield of Riggston spent the Thanksgiving holidays with their parents, Mr. and Mrs. James K. Hutches.

Irvin Coulson expects to move to his new house this week.

GULBRANSEN Player-Piano

Gulbransen "Pedal Touch" Is Easy, Exquisite

Gulbransen "Pedal Touch" is satisfyingly different from that of the ordinary player-piano. You will notice it before you have made a dozen pedal strokes. You will discover for the first time that there is such a thing as "pedal touch"—that player-pianos are quite different in this important quality.

"Pedal Touch" Like "Key Touch"

In a player-piano the pedals are the "keys" through which you produce expression. Therefore "Pedal Touch" is very important. It must be just right. Only in the Gulbransen is "pedal touch" really perfected.

If you have tried other player-pianos, you know some of them have a stiff "pedal touch," resisting too much, forcing you to push hard. Others have a mushy or trembly "pedal touch." Such pedals die away under your feet, keep you pedaling fast, and tremble annoyingly.

The Gulbransen pedals feel

firm, yet move easily. You do not have to push hard or pedal fast. You pedal the Gulbransen as the music requires, gently or firmly—always leisurely, relaxed, enjoying the music. The Gulbransen "pedal touch" is easy, responsive, natural—well—just exquisite.

If you know any Gulbransen owners you realize now why they play so well—with so much expression. They have the instrument which permits it—invites it. The dealers named below invite you to try the Gulbransen in any of their stores without obligation.

Nationally Priced

Gulbransen Player-Pianos, three models all playable by hand or by roll, are sold at the same prices to everybody, everywhere in the United States/ freight and war tax paid. Price, branded in the back of each instrument at the factory, now includes six instruction rolls (Martin Method) and our authoritative book on home entertaining and music study with the Gulbransen.

PREMIUM LISTS FOR POULTRY SHOW READY

Secretary Weber Has List Ready for Mailing — Many Cash Premiums Are Given for the Various Classes — Rabbits Also Will Have Large Place in the Show.

The annual premium list of the Morgan County Poultry association is now ready for delivery. The book this year is the largest ever issued, containing forty pages and cover. This list gives all the rules and regulations as well as a complete list of the cash premiums offered, and the names of all members in good standing.

Arrangements have been made to hold the exhibit in the second story of the Auto Inn ample floor space and plenty of light makes this one of the best show rooms in the state.

The exhibit this year will be the largest ever held and the the Reds and Barred Plymouth Rocks will lead in the entries. It is expected that at least 150 head of Reds will be shown and more than 100 head of the Barred Plymouth Rocks.

Mr. Weber the secretary, reports that many entries have been made and that he will continue to accept entries until 6 p. m. Saturday, December 11th, at that time the entries will close and no more birds will be accepted.

One thing that can be said is that the local association is giving more cash money for prizes than any other association in the state. This will bring in many outside breeders. A list of the special premiums, cash prizes and entry fees follows:

Entry Fees.

Single birds, 25 cents; breeding pens (See rules 6), \$1; Pigeons, per pair, 25 cents.

Coops will be furnished at the rate of 15 cents per bird, thus making your entry fee 40 cents per single bird. All birds cooped in uniform wire cooping.

Non-competing and Sale Birds. For these the association will charge 25 cents per head for feed and care during the week. Cooping free. You may use your own coops for sale birds.

Hon. Andrew Russell Cash Special: Hon. Andrew Russell, state auditor of public accounts donates \$10 to be given to the owner of the largest and best display of any one variety. Points to count: Usual handicap.

Hon. Henry T. Rainey Cash Special: Hon. Henry T. Rainey, congressman from the twenty-first district donates \$10. \$5 to the owner of the highest scoring pen of white birds in the show and \$5 to the owner of the highest scoring pen of solid colored birds in the show. Whites not included.

Mr. V. R. Riley Cash Special: Mr. V. R. Riley, business man, donates \$10 to be given as follows: \$5 for the largest and best display of all varieties. Points to count. Usual handicap. Mr. Riley will also donate \$5 to the owner of the highest scoring pen Wyandottes in the show. Usual handicap.

Judge D. T. Heimlich, poultry judge and breeder will donate \$5 to the owner of the highest scoring pen of parti-colored birds in the show.

Frank L. Ledford Cash Special: Frank L. Ledford, poultry breeder, offers \$10 to be given as follows: \$5 to the owner of the highest scoring pen of Orpingtons, and \$5.00 to the owner of the highest scoring pen of Blue Andalusians. Usual handicap.

Y. M. C. A. Notes

Five Hundred and sixty five boys signed forward step cards at the Older Boys Conference in Springfield last Sunday. This was about half of the attendance. Many of the boys like our Jacksonville boys came home with a new vision and determined to do better work than they have ever done before. Twenty two boys under twenty one attended the Conference from our city.

Business conditions may look bad to the ordinary man, but the business men of Auburn, Me., were not satisfied with \$250,000 in pledges for that small city, for a new Y. M. C. A. building. They have now added \$15,000 more.

Aurora, Ill., has the pep and puts over real programs. They have signed up \$4,500 for Home, Foreign and Training work, and have agreed to do it yearly. They have 2,133 members paying \$13,000 in membership fees. Sixty five per cent of the members are industrial workers.

Naperville was the victor in the Illinois membership campaign, signing 763 men. Kewanee was second with 355. Aurora was next with 309. Clinton, 214; Danville, 565; Peoria, 360; Monmouth, 701; Bloomington, 120; Elgin, 170, and Waukegan, 26. The standing was arrived at on the percentage basis.

I WON'T.
I thank the Lord for a will that says "I won't!"
One time the fellers used to tease and guy me saying,
"Aw, come on and smoke, Deacon!" this with mocking sneer.

Or, "What do you know, Deacon never tasted beer!"

And they dubbed me Deacon, and it hurt.

But I said to myself, "I won't—dog-gone—I won't!"

The big guys stuck a flag between my lips and held me, and

I spit and fought and swore, "I won't!"

Then came football, baseball, tennis, track,

I learned to say, "I will!" and whack,

And smash and fight and win; or beaten.

Bear it with a grin.

And so my life is largely "will," and "won't."

I find that "will" takes "won't" and "won't" takes "will."

If you have neither, you mostly "don't."

But I'm glad at first I learned "I won't!"

GRACE WOOD JESS IN FOLK SONG PROGRAM

Will Appear Under Auspices of D. A. R. December 16—Many New Songs on Mrs. Jess' Program.

On Thursday evening, Dec. 16 at the Illinois Womans College Music Hall the Rev. James Caldwell chapter D. A. R. will again present Grace Wood Jess, singer of folk songs, who offers a delightful new program of rare folk songs of France, England, Russia, plantation melodies and Kentucky mountain tunes. Her songs are given with dramatic interpretation, in costumes, forming miniature dramas.

One group of especial interest at this Christmas season will be old French legends of the nativity sung in costume of the time of Christ. A group of Russian folk songs also promises unusual charm and interest. In her exquisite costumes she is a joy to see as well as to hear and her art is one of the rarest and most satisfying of today.

A BIG SMOKE STACK

The new smoke stack at the new power plant is now completed with the exception of closing the bottom door. It is a splendid piece of work reflecting credit on the contractors and the city fathers. The agreement was for a chimney 150 feet high but the contractors gave the city two feet more free of charge. It can be seen for a long distance and looks fine.

Mrs. Mary Cook and daughter Elizabeth have returned to their home in Waverly after a visit with Mr. and Mrs. Charles Roberts.

PAIGE

THE MOST BEAUTIFUL CAR IN AMERICA

THE selection of a seven-passenger Sedan is a problem that deals with maximum qualities only.

Price aside for the moment—there must be a beauty in coach making that only originality guided by impeccable taste can create, a luxury of equipment and a refinement of finish that only the best the market affords can provide.

And the background of these qualities is supreme mechanical excellence—performance.

Regardless of price, the Paige seven-passenger Sedan, built on the new "6-66" chassis, meets all these requirements.

Examine it. You will find it offers everything a man could desire in an enclosed car.

PAY TRIBUTE TO DR. T. J. PITNER IN TALKS FRIDAY

Chapel Exercises at Illinois College Devoted to Memory of Deceased Board Member.

Addresses were made at the chapel exercises Friday morning in memory of Dr. T. J. Pitner '02. President Rammelkamp spoke of Dr. Pitner's career as a physician, a loyal alumnus and public spirited citizen of Jacksonville.

He graduated from the College during the stirring times of the Civil War and entered the Union Army shortly after graduation. He served for thirty-three years as a trustee of the college and during all that time was most faithful in his duties as a board member and most generous in his aid to all college enterprises.

He served on many important committees of the board and was usually called to the chair when the president of the board was absent.

Dean Hayden also spoke at some length regarding Dr. Pitner, holding up his character and personality as an inspiration to all college students. The College Endowment campaign continues to make progress. The mail during the past week brought a subscription of \$25 from a graduate of the Jacksonville Female Academy residing in Honolulu. The Ladies' Aid of the Congregational church, Waverly, also sent a cash subscription of \$10. Additional subscriptions are being received from Murrayville friends and the list of subscribers from that precinct will soon be published.

DEATH SUMMONS

JACOB A. BOSTON SATURDAY NOON

Decedent Was 80 Years Old and a Life Long Resident of Morgan County.

Jacob A. Boston, a life-long resident of Morgan county, passed away shortly after noon Saturday at Passavant hospital, where he had been a patient for nine weeks. Mr. Boston had been in poor health for several years.

He was born in the north portion of the county, July 3, 1840 a son of Anthony and Louisa Stephenson Boston making him at the time of his death 80 years old. During the active years of his life he followed the business of farming. Some twenty years ago he moved to this city to reside.

Mr. Boston was united in marriage in 1865 to Miss Louisa Ransdell, who died in 1909.

Mr. Boston was a member of Central Christian church, and an upright Christian man. He was well known, especially among the older residents of the community.

Surviving are one son, W. E. Boston of this city, and one daughter, Mrs. May Robinson of Peoria, three brothers, James W. Boston of York, Neb., John W. Boston, a twin of the decedent, of South Church street, A. Judson Boston of Pine street, and two sisters, Mrs. Mary Patterson and Mrs. Fannie Bacon both of Jacksonville.

Funeral services will be held from the residence of his son, 514 Hardin avenue at 1 o'clock Monday afternoon in charge of the Rev. Myron L. Pontius, pastor of Central Christian church.

Come in and see a New Edison which bears a CERTIFICATE of AUTHENTICITY

Signed by Edith McDonald

Only Ten of These Official Models in Our Store

Edith McDonald has pronounced them exact duplicates in tonal quality of the instrument used at Music Hall, Illinois Woman's College, and capable of sustaining with absolute success the same test of direct comparison with her living performances. By signing this Certificate, she declares them equal, in every respect, to the instrument which stood beside her Tuesday night on the stage at Music Hall, Illinois Woman's College and amazed all Jacksonville.

Let us show you and play for you these Official Lab-

Why the Audience at Music Hall, Illinois Woman's College was so amazed by

The NEW EDISON

"The Phonograph With a Soul"

This was the test made by Miss McDonald at the Concert given Tuesday, November 30, at Music Hall, Illinois Woman's College.

She sang. Suddenly she ceased to sing, and the New Edison took up the same song alone.

Why not let us deliver tomorrow one of these New Edisons with Certificate of Authenticity? You can arrange the payment any way you desire. Step in, or telephone. There's no time to lose.

oratory Models, which have proved their supreme realism. Remember, we have only 10. We shall deliver with each Official Laboratory Model the Certificate of Authenticity which this artist has signed for it. You will prize this New Edison above all other musical instruments. It will not only be your means of access to the real voices of the world's greatest artists, but also peculiarly precious memento of one of the greatest spectacles of all time.

Ask for the Certified Official Laboratory Model.

No one in the audience was able to tell Miss McDonald's living voice from its Re-Creation by the New Edison.

The phonograph had achieved that marvel of marvels—perfect realism!

Oil and Grease Two Most Important Cold Weather Factors

If the parts of car carrying oil and grease are not properly cleaned out and new applied cold weather soon hardens the summer's accumulation and you suddenly will find you've been running with practically no lubrication whatever—a dangerous thing.

If you intend running your car this winter, by all means have it first gone over and every part carrying oil or grease thoroughly cleaned and new proper cold weather oils and greases put in. This is not at all an expensive job, but is highly important to a car owner.

Also let us see that the radiator is not leaking, and supply it with the necessary alcohol for winter.

NORMAL INSTRUCTORS ASK SALARY INCREASE

Instructors at Five State Normal Schools Ask 50 Per Cent Increase in Salary for Next Year.

Springfield, Ill., Dec. 4.—By The Associated Press.—Instructors at the five state normal schools, at Macomb, Charleston, DeKalb, Carbondale and Normal, are asking for fifty per cent increase in salary for next year in their budgets filed with O. H. Wright, director of the State department of finance.

All departments of the State are asking for greatly increased appropriations compared to the allotments made two years ago, according to Mr. Wright.

Besides the additional money it will take to operate the state government during the coming administration, Mr. Wright said the state will undertake to initiate a \$5,000,000 building program at various institutions.

"All the state institutions are overcrowded and new buildings are needed everywhere," Mr. Wright said. "The bulk of the appropriation for the state institutions next year will go toward the institution for the feeble-minded at Dixon, the State Asylum for the Insane at Alton, and the Central Group Hospital at Chicago. New buildings, however, will be built at practically every institution throughout the state. A new dormitory will be built, a power plant at another place, and so on."

"A SUPPLY OF OCCIDENT FLOUR"

In event you can't obtain "OCCIDENT FLOUR" from your grocer, call Cain Mills, both phones 240 and have your "OCCIDENT FLOUR" DELIVERED TO YOUR DOOR.

ILLINOIS WOMAN'S COLLEGE NOTES

In the sudden death of Dr. T. J. Pitner, the students and faculty have lost one of the dearest and best friends that they have ever had in Jacksonville. As long as the college shall exist the deep and lasting influence of his life and character will be in evidence.

The Red Cross campaign for memberships is now being put on at the college. This had been delayed owing to other unavoidable interruptions.

Senior Recognition Day was fittingly observed Tuesday morning at the chapel exercises. The Sophomores as a body were the ushers, and the faculty marched in academic procession between the students of the Sophomore class. After the faculty were on the platform, the Seniors came in with their first formal entry as Seniors into the chapel service. Immediately following, Miss Moore played a beautiful violin solo. Dr. Harker gave a very interesting and inspiring address to the Seniors as well as to the entire student body.

Miss Knopf is spending the weekend in Chicago, where she has gone to attend the Thirty-third Annual Exhibition of Painting and Sculpture by the American Artists now being held at the Chicago Art Institute. She will also see the exhibition of design by the Russian painter, Leon Bakst, at the Art club, and various other exhibitions now being shown in smaller galleries.

Mrs. James E. MacMurray, one of the generous friends of the college, has recently made a gift to the college of two of Miss Knopf's paintings, "Opal Morning, Oreganquit" and "In Gloucester's Harbor."

At the regular chapel on Thursday morning, special exercises were held for the Sophomore class. The members, fifty-nine in number, were dressed in white with white head bands, on which was printed, "Class of 1921." President Harker gave a short talk in which he urged the students to take this entire college course, having particular stress on the necessity of selecting vocations at this time, and of preparing definitely for life work. The Sophomores continued to hold the center of attraction during the day.

Wednesday evening at dinner a number of clever songs were sung by the Sophomores in the dining hall. Immediately following dinner, during the social hour, they entertained the students and faculty by presenting some cleverly arranged stunts which showed the various phases of development of the college. First, a portrayal of the Illinois conference made a parody of 1890 was presented. This was followed by a sketch of the school in 1870 when the main building burned. In this the girls madly fled from the supposedly burning buildings. The next scene was the Illinois Female college in 1893, the year in which President Harker came to the school. The character sketch of the president, as given by one of the students, was exceptionally clever. Manuscripts and figures of speech were both well presented and were greatly enjoyed by the audience. A view of the college at the present day was given, showing the strenuous life and the competition among the various departments. These were represented by students who were making, some in art, some in music, some in English, and in other departments of school work. With the past and present thus described, the students then introduced "The Class of 1921 in the Future," where were found representatives as teachers, doctors, ministers, housewives, attorneys and other vocations. The final stunt showed a girl sitting in her kitchen and wishing for some way by which she could reach the college. The good fairy appeared and with the aid of her helpers built a Ford from the kitchen utensils. She formed the wheels, a table the body, a boiler the engine, and a meat grinder the crank. After a number of unsuccessful attempts the car starts and she leaves on her way for the school.

At the chapel exercises Saturday morning the financial report of the

last year's Illiwooco was given. The report showed total receipts amounting to \$1,502 and disbursements amounting to \$1,444, leaving a balance on hand of \$118. With this balance of \$118 the class of 1921 has purchased a desk for the Illiwooco office and one of Miss Knopf's pictures for the social room.

GET MORE BUTTER.

Mrs. Hattie Meece, of Glenn, Missouri, says "I am not making enough butter from my cow's milk production for a family of two. After using Dr. LeGear's Stock Powders a short time, she gave a half gallon more milk a day, and a pound of butter a day."

Dr. LeGear's Stock Powders give to milk cows just what is needed to keep the digestive organs in proper condition, so that they get the most possible good from their feed. Give equally wonderful results when used for horses, hogs, and sheep, because they are a tonic, appetizer and worm expeller.

It matters not what ailment you may have among your stock or poultry, it will pay you to get the proper Dr. LeGear Remedy from your dealer. They are the Doctor's personal prescriptions, compounded during his 28 years of Veterinary Practice and Expert Poultry Breeding. They must satisfy, or your dealer will refund your money. adv.

COLLEGE OF MUSIC NOTES

The recital of Augusta Cottlow, pianist, the second of the artist series, will be held in Music hall Monday evening, Dec. 6.

Miss Moore, accompanied by Miss Mehns, gave her annual violin recital on Monday evening.

There will be a public recital by the children's department on Saturday, Dec. 18, to which the public is invited. Miss Mehns will give a demonstration of piano class work on this occasion.

Miss Mary Shastid, former voice student at Illinois Woman's college under Mrs. Florence Pierson Schaffer, and graduate in piano under Donald Swarthout, sang a group of songs, Nov. 29, before the Chicago Musician's club, formerly the Amateur Musical club. Miss Shastid is now a pupil of William Cooper of Chicago and was presented by him in recital last January.

The regular informal recital was held Thursday afternoon at 4:15 in Music hall. The following program was presented:

Organ, Prelude in G.....J. S. Bach

She knows all about American-Made Toys

JANE ANN is a patriot. When she grows up she's going to be a Red Cross Nurse, and take care of our soldiers;—or she says perhaps she'll be a teacher because teachers can tell little children all about patriotism. Jane Ann, you see, has American-Made Toys to play with and from them she has learned lots and lots about her country.

Give your children American-Made Toys. They interpret the spirit of America in a manner impossible for a toy maker thousands of miles away in some foreign country. Here we have collected a representative showing of toys from America's largest and best toy makers. Here you can select anything you desire to amuse or educate the child. And it will be American-Made for American Maids.

STRANDED AUTOISTS
A number of auto travelers, or would be travelers, arrived by auto in the city Friday evening and remained over for repairs and possible change in their plans. Bad roads and troublesome machines caused them any amount of trouble. Some proceeded by train and some waited for repairs.

There were Mr. and Mrs. Throckmorton, Mr. and Mrs. J. B. Brown of Gary, Ind.; E. Haydeck and wife, S. L. Winder and wife, Waukegan; Mr. and Mrs. Clark Yountz, Mr. and Mrs. W. B. Yountz, Mr. and Mrs. J. C. Yountz and Mrs. J. E. Davis from Columbus, Ohio. The latter party had three cars and plenty of trouble.

Insure with M. C. Hook & Co.

BAPTIST REVIVAL WILL CLOSE TONIGHT

The two weeks evangelistic meetings at the First Baptist church have been most successful. Large audiences have greeted Evangelist Dent at all of the sermons.

Mr. Dent has both sung and preached the gospel with power. The church has been greatly strengthened. Many have professed Christ publicly as their Savior. Several have already been received by letter and by baptism.

Sunday promises to be the best day of all and if you are not attending church elsewhere, you are cordially invited to come and make this church your church home.

The preaching of Evangelist Dent has been greatly appreciated by the Jacksonville people. He is loved by all who have

heard him. You will want to hear him Sunday his last day.

SUNDAY EVENING PICTURES
At Brooklyn church Sunday evening, Dec. 5, will be shown a two-reel film illustrating Egypt as it was in the time of Moses; the irrigation of the soil by the "Shadoof," sewing by hand, reaping with a sickle, threshing with horses' hoofs, the making of the ancient land. Everybody is invited to come and bring a silver offering to defray the expense of the films.

G. W. Randle Pastor.

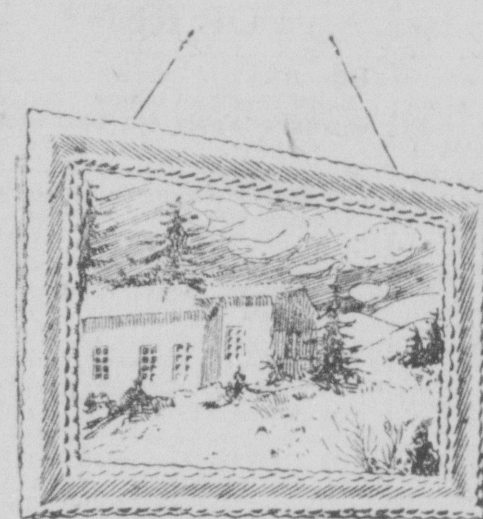

A called meeting of the official board of the Methodist church of White Hall was held Friday evening. Rev. Fletcher of Jacksonville presided. The salary of the pastor Rev. J. O. Kirkpatrick was raised to \$1800. After the official business was transacted a social time was enjoyed.
